9700 Series
Custom Metal European Handles

Personal Storage Towers is a customized tower that maximizes required storage for each and everyone of us. It provides the needed security our personal and office items require on a daily basis.

Locker and wardrobe doors are hinged on same side and open away from the worksurface for easier access (can be hinged either left or right). The filing section can be specified either with two box, two file, three file, one box or two file drawers. All have ball bearing drawer suspensions.

A. Ventilation. **B.** One-piece top adds strength. **C.** Corner gusset provides additional rigidity. **D.** Looped full pull handle. **E.** Custom metal European style handle on the 9700 Series.

Features

Ventilated wardrobe and locker compartments
