

Shown left to right: **GC3361HB** High back single seat lounge chair, **GC3363HB** High back three seat lounge sofa with two seat cushions.

Removable Seat Cushion - Constructed using Ultracell foam with a waterfall front enhancing user comfort. The seat cover offers a seamless front to prevent eventual breakdown of seams causing fluid penetration to foam.

Tubular Leg Steel - Provides a surface which can be easily cleaned offering years of durability.

GC-Wind presents a beautiful modern design bringing both grace and luxury to lounge seating, scaled to support today's space challenges and smaller footprints.

The fully encased removable seat cushions accommodate both easy cleaning and maintenance, with seamless seat covers that feature a nylon zippered opening. The unique open frame construction design enhances the ability to clean the unit and ensures premium product performance.

This series is available in both Low and High back versions supporting various interior layouts. The High back GC-Wind provides increased comfort for those who sit for long periods of time.

Above (and Cover): all products shown in CF Stinson, Courtyard Trellis (61307), tables in Tiger Walnut (TWL).
