The future of seating today. Exclusive Push Button control to promote comfort, encourage movement, and minimize muscle fatigue and skeletal injury. MALAGA™ takes high-tech ergonomics to the next level with button technology. Button controls are user friendly, conveniently located and easy to reach. As a result, users are more likely to adjust their chair – a necessity to accommodate a broad range of users and work activities.
Malaga offers seating for office environments where one chair series can accommodate a broad range of users and work activities.

**multi-tilt**

Malaga’s superior multi-tilt provides continuous ergonomic comfort & support for multi-task and dedicated computer use.

**knee-tilt**

Malaga’s knee-tilt mechanism is perfectly suited to today’s work environment where each chair can be shared and frequent seating adjustments are required.

**synchro-tilt**

The future of seating today. Exclusive Push Button control system, all at your fingertips! Malaga™ takes high-tech ergonomics to the next level with button technology. Button controls are user friendly, conveniently located and easy to reach. As a result, users are more likely to adjust their chair - a necessity to promote comfort, encourage movement, minimize muscle fatigue and skeletal injury.
